

Topics of interest

- TRIZ Toolbox
 - Theoretical and experimental TRIZ research
- Practical Applications
 - Problem solving applications using TRIZ
- Education & Training
 - Theories and applications for education/training for Creative Thinking
- Design Thinking
 - Theories and applications for human-centered design based on Design Thinking
- Cross Integration
 - Other new tools, theories, and applications related to or can be integrated with TRIZ

Track Design

Track	Presentation Time	Submission format
Long track	25 min	Full paper (4~8 pages) in MS-WORD
Short track (*Pechakucha)	10 min	20 slides in MS-Powerpoint

* Pechakucha is a presentation innovation created by two architects. It is a simple set of rules where presentation consist of 20 slides automated at 20 seconds each. Practically any idea or concept can be explored using this creative format of 20 slides x 20 seconds each.
